

European Institute of Management & Finance

EIMF's Match Funding Scheme Academic Year 2023 -2024

Starting in February 2024, EIMF will be offering its first Master Programme in Governance, Risk and Compliance (GRC). To mark this significant milestone, EIMF is launching a "Match Funding Scheme" that will be offered exclusively to EIMF valued partners.

The Match Funding Scheme

The Scheme covers the employees of these organisations, as well as family members (covering all first-degree relatives). Through this Scheme, EIMF commits to co-finance the tuition fees of the programme for those eligible. That is, for every euro that an organisation contributes as subsidy for the cost of the tuition fees, EIMF will contribute an equal amount of one euro.

For example, if your organisation decides to fund an amount of €2,000 to cover part of the tuition fees of the programme, then EIMF will match this and contribute an equal amount, i.e. €2,000. The tuition fees of the programme are €10,500 in total so in case your organisation wishes to contribute €5,250, then the student will incur no tuition fees.

The scheme is valid for both full-time students (duration 18 months) and part-time students (duration up to 36 months).

The MSc in Governance Risk and Compliance

The Master Programme in Governance, Risk and Compliance is an 18-month postgraduate programme targeting professionals in the financial and professional services sector as it equips them with the knowledge, skills and tools required to navigate complex regulatory landscapes, proactively manage risks and to contribute to the development of robust governance structures, thereby enhancing organisational resilience, compliance, and overall performance.

In a nutshell, students stand to gain the following by attending the programme:

- Achieve an **in-depth theoretical and practical understanding** of the prominent field of GRC.
- Learn via the delivery of **modules by a distinguished faculty** comprised by academics who pursue exceptional teaching and innovative research and are supported by industry experts who provide a practical perspective.
- **Prepare yourself to attain professional certifications** via reputable international associations such as AGRC, ACAMS and CISI.
- Participate in **professional training seminars** offered by EIMF.
- **Engage in networking opportunities** via EIMF's extensive connections in the financial industry.
- **Take part in research activities and events** organised by EIMF's Centre for Good Governance.
- Gain access to other professional bodies and **networking capabilities** through events organised by EIMF.
- **Access EIMF's library**, e-materials including journals, databases, webinars and other learning resources.
- Participate in and benefit from **European funded programmes.**

Programme Content

The Programme offers the following modules:

- Research Methods
- Business Ethics
- Principles and Practice of Finance
- International and EU Financial Regulation
- Regulatory Compliance and Reporting
- Financial Risk Management
- Corporate Governance
- Master Thesis

Entry Requirements

All students that wish to attend the programme need to formally apply (this entails a €50 application fee) and receive an offer. The application requirements cover the following:

Academic Requirements

A University degree awarded by an accredited institution in the country where it operates, or a degree evaluated as equivalent to a University degree by the Cyprus Council for the Recognition of Higher Education Qualifications (KY.S.A.T.S).

- Graduates of state universities in Greece and Cyprus (a final grade of at least 6.5).
- International graduates should have the equivalent grade (e.g. UK university graduates a second-class honours degree and those from US universities a GPA of 3.0 and above).

English Requirements

Where applicants' previous studies have not been conducted in English, they are expected to show an adequate level of proficiency in English (such as IELTS and TOEFL).

Required Supporting Documents: Personal Statement, CV, Two Letters of Reference

All students who are accepted and wish to enrol in the Programme will incur a €200 Registration Fee.
